

EnergyMizer™ MFG Guarantee

Residential EnergyMizer™ Customers are provided a choice of either plug in or professionally installed electrical receptacles in order to receive a manufacturer's money back guarantee.

Plug In - 1 unit per 1,000 sq. ft. – Customer will need to send in the warranty card from each box in order to qualify for MFG 8% money back guarantee. **(Example: 2,000 sq. ft. of home equals 2 units, 3,000 sq. ft. of home equals 3 units, etc.)**

Or...

Professionally Installed – Homes over 2,000 sq. ft. have the choice to either purchase the correct number of units as stated above or hire an electrician to professionally install 2 electrical receptacles as follows. Electrician installs 1 receptacle on the odd numbered side of the panel and installs 1 receptacle on the even numbered side of the panel. Customer will then plug in 1 EnergyMizer™ unit into each professionally installed receptacle for maximum efficiency. **(Example: 4,000 sq. ft. home with 2 units professionally installed will qualify customer for MFG 8% guarantee.)**

Residences above 4,000 sq. ft. and/or residences with more than 1 electrical panel will need to be addressed on a case by case basis with the help of America Approved Energy Services.
